

# OPTION A

**Upon completion of your fundraiser send in all completed order forms. The master tally sheet need not be completed by your group. Within 2 – 3 weeks receive pre-sorted/packed orders at your organization, deliver to your customers or have them pick their orders up.**

This option allows your group to retain a significant profit without the need for tallying total order quantities, sorting or packing individual orders. This option is most suitable if your group does not have an indoor climate controlled area where you can sort your orders and/or you do not have the capable manpower to do so. Groups choosing this option are also encouraged to run a web based "Online Storefront" capturing additional revenue for their groups.
